# Welcome to Firefox Hello

Use Firefox Hello to video call and text message friends. You'll need a webcam, a microphone, and a Firefox browser. Your friend also needs a webcam and a microphone. They'll need a WebRTC-supported browser like Firefox, Chrome, or Opera.

Start a Conversation

1. Click 😃 .

2. Click Start a Conversation.

3. To invite a friend to your conversation:

   o Click [Email Link] . This opens your default email application. A prewritten email appears inviting your friend to chat. Write in your friend's email address. Click send.

   Or

   o Click [Copy Link] . Paste the link into a message to your friend.

   Or

   o Click [Share Link] . Select the social media platform you want to use. Share the conversation link on your chosen social media platform.

4. Click [📹] to turn your video on or off.

5. Click [🎤] to turn your audio on or off.

6. To end the call click [📞] .
